

Consistent Performance in Campus Placement:

AOT's teaching-learning process, examination system and training for improvement of placement quotient make our students hardworking and motivated, and thus enable them to achieve right placement by their own merit. At Academy of Technology, placement assistance is not an isolated event, it is a lasting commitment. Our endeavor is to provide maximum possible number of campus interview opportunities to the students with equal emphasis on IT and Core engineering placement and prolonged placement support even after graduation and we have been successful in this mission from our very 1st batch.

AOT has been accredited by Capgemini, Cyient, Tata Consultancy Services, Tech Mahindra and Wipro Technologies for campus placement. In the last 3 years, an enviable percentage of AOT's students have been recruited by more than 100 renowned corporate houses during campus placement. With 91.34% placement offer in 2018 and 91.45% placement offer in 2019, our students have proven to be consistent performers. Even in this year 2020, AOT's students, eligible for campus interview have already attained 99.20% placement offer till now.

In 2020, Academy of Technology has received *Certificate of Appreciation* from TATA CONSULTANCY SERVICES in recognition of an exemplary partnership and collaboration – and only very few institutes in India have achieved so.

Placement 2020
